Hello,

I'm a member of the Office of Ground Water & Drinking Water hydraulic fracturing team, and I received a call from Craig Stevens, who identifies himself as coordinator of water delivery from Dimock, PA. His telephone number is 570-967-2280. At the suggestion of Angela McFadden, I am sending his contact information to you.

In the message, he states that he understands there is going to be a meeting of Lisa Jackson today concerning Dimock,

but that what they really need is water, and he is asking for a return call.

Please let me know if you are able to follow up with him, or if you need more of the details of the call -- I'm whether our phone system forwards calls between HQ and Regions.

Sherri
